From the Director

Kia ora katoa

As usual a busy start to the year for all of us. Talking to Coordinators across the country, everyone seems to have mostly sorted their student pathways for the year. Hopefully things will settle down for next term. A few personnel changes with us as mentioned earlier, also internally, we have been playing musical chairs. Erin our Academic Manager who has managed the schools interface with you all is now devoting her

energies to the management of our Academic Department and managing our special projects. Roxanne Rothman will now be managing Bookings and schools liaison. She has enjoyed a career in the South African equivalent of NZ tertiary providers both in sales and quality assurance. Roxanne is married to Dylan and has her son Ollie to keep her busy outside of work. Lastly it has been sad to see the closing of Career Services in Dunedin. Although their online

presence is relatively comprehensive the merit of having someone to talk to face to face about fears, hopes and aspirations of career and study options can't be beaten. Thank goodness for people like you!

Stories From You...

Event Management:

"They enjoyed the practical aspect of the course, hands-on, working with other students. They enjoyed doing the bookwork in groups and meeting senior students from other schools. ."

From the Academic Manager

Kia ora,

We have had a busy time in the Academic Department already this year, with the updating of our resources and the development of new courses.

Our trainers have been all around New Zealand in the last 3 months, with courses being delivered from Kaitaia, all the way to Invercargill.

Regardless of where we are training we are finding motivated, driven students, who are passionate about the pathways they have chosen, whether that pathway be event management,

hospitality, sports coaching or security.

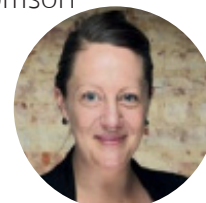

This enthusiasm is reflected in the 90% pass rate from our courses in the first term. The 10% of students that do not pass on the first attempt are students that require a little bit of extra time and, following a re-sit at school, that pass rate will typically go up to 99, if not 100%.

I would like to take this time to remind everyone to let us know if your student/s need any type of assistance. Send us a quick email when you book them in, outlining what difficulties they

face, and we will work with you to put in as many measures as possible to help. Please also familiarize yourself with the terms and conditions of the MOU you have with us.

We're looking forward to another great year and remember we are only a phone call or email away for any questions, queries or comments you may have.
